

Graduate Students Research Theses – 1997-2011

| Graduate Student | Year | Thesis Title | Major | Major Professor |
|------------------|------|--------------|-------|-----------------|
|------------------|------|--------------|-------|-----------------|

Graduate Students Research Theses – 1997-2011

Shakese Hudley 2009

Graduate Students Research Theses – 1997-2011

| | | | | |
|-----------------------|------|---|---------------------|---------------------|
| Jing Qian | 2005 | The Impact of Nutrition Education and Lifestyle Interventions on Selected Biomarkers for Cardiovascular Disease (CVD) | Nutritional Science | R. Pace/ B. Wang |
| Alexandria Leona Gray | 2005 | Dietary and Biological Correlations Among B12, B6Folate and Plasma Homocysteine Levels | Nutritional Science | R. Pace/ N. Dawkins |
| Damicca S. Johnson | 2005 | Influence of Harvest Time on Growth Responses and Omega-3 (w-3) Fatty Acid Content of Purslane (Portulaca Oleracea) | PLSS/ Food Science | D. Mortley/J. Oh |
| Chellani Hawthorn | 2005 | Physico-Chemical Properties, Storage Stability, and Consumer Evaluation of Sweetpotato Bread Optimized with Dough Enhancers | Food Science | A. Bovell-Benjamin |
| Diantha N. Gladney | 2005 | Evaluation of a Beverage Made From Hydroponic Sweetpotatoes | Food Science | A. Bovell-Benjamin |
| Jessica Mason | 2005 | Qualification and Charaterization of Residual Viola | | |

Graduate Students Research Theses – 1997-2011

| | | | | |
|------------------|------|---|---------------------|--------------------|
| Stacy Campbell | 2003 | Dietary Intake of Soy Protein Isoflavones on Prostacyclin (PGI ₂) and Thromboxane (TXA ₂) Concentration among African Americans | Nutritional Science | K. Willian/R. Pace |
| Leslie Clark | 2003 | Menus Designed to Reduce the Risk of Breast and Prostate Cancer in African Americans | Nutritional Science | R. Pace |
| Jeffrey Greene | 2003 | Production and Evaluation of a Hydroponic Sweetpotato Bread using Macroscopic, Spectroscopic and Thelma Analyses | Food Science | A. Bovell-Benjamin |
| Edward Parmer | 2003 | Development of a Meat Analog using Peanut Protein | Food Science | B. Wang |
| Sonni-Ali Miller | 2003 | Optimization and Evaluation of a Hydroponic Sweetpotato Syrup | Food Science | A. Bovell-Benjamin |
| Tericka M. Smith | 2003 | Influence of Soy Protein and Soy Isoflavones on Plasma and Red Blood Cells | Food Science | A. Bovell-Benjamin |

Graduate Students Research Theses – 1997-2011
