

Year 1 Major Activities and Events		
Date	Activity	Related Components
September 9, 2014	Three Tuskegee University scholars attended an NSF GRFP Assistance Workshop	Presentation by Dr. Deloris Alexander, T
		"Chemical Functionalization and Characterization of Crystalline Cellulose Derived from Agricultural Waste Products"
October 20, 2014	T-PAC Official Launch	The focus of this event was to gather all T-PAC alliance (TU, ASU, AU) faculty, Scholars and staff to meet, network, and share critical information about the project including a description of its 1) Goals and objectives; 2) Interventions; and, 3) Research.
October 23, 2014	<ul style="list-style-type: none"> x Poster Presentation, by Scholar Aiesha Ethridge, at the NanoBio Summit, Tuscaloosa AL x Poster Presentation, by Scholar Chemar Huntley, at the NanoBio Summit, Tuscaloosa AL 	<p>"Surface Redistribution Kinetics of H/Li on Graphene for Advanced Energy Storage"</p> <p>"Chemical Functionalization and Characterization of Crystalline Cellulose Derived from Agricultural Waste Products".</p>
November 20, 2014	External Advisory Board Meeting (EAB)	EAB provided recommendations on the development and implementation of

x Oral Presentation, by Aiesha
Ethridge, at the Joint Annual
Research Symposium, Tuskegee,
AL

		<p>and exchange of hypothesis-based research on interventions and initiatives that broaden participation in science and engineering research careers. The conference is designed to create a dialogue among behavioral/social science and education researchers, evaluators, and faculty in STEM fields who participate in intervention programs.</p>
